KONK

FLY KILLER

- **KONK** is an easy to use spray that kills flies - automatically.
- Anywhere around the farm, stables or outbuildings, in the office or in the home, where there's a fly problem, **KONK** is the easy and safe answer.
- **KONK** is an easy to use spray system giving round the clock protection from the irritation of flies to people and animals.
- **KONK** can be wall mounted or free standing. A metered mist of insecticide is automatically released every 7½ minutes, 24 hours a day. Simple to install and maintenance free.
- **KONK** contains pyrethrin, a naturally occurring insecticide derived from Chrysanthemums. Deadly for flies, **KONK** is completely safe for animals and humans, non toxic, eco friendly and approved by the HSE (Health and Safety Executive).
- The **KONK** auto dispenser is fully portable and powered by a 9v battery (incl). **KONK** can also be used by hand as a conventional fly killer and repellent.

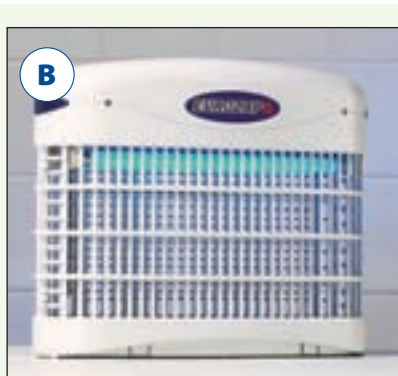

PROVEN EFFECTIVENESS AGAINST FLIES.
Based on results from an independent testing laboratory.

A KONK fly killer

Konk Fly Killer Auto Dispenser complete with spray **549 010**

Konk Fly Killer Spray/Refill (360ml) **549 022**

B Eurozap Fly Killer

One of the most effective fly killers available. Using a powerful ultra violet tube this fly killer gives trouble free operation and low maintenance costs. Provides excellent fly control and protection against the spread of disease at a reasonable price.

Ideal for a wide range of domestic and agricultural premises, including food preparation areas. Unique non-clogging grid. Easy to remove tray. Quality tested. Can be suspended from ceilings, wall mounted or free standing.

Eurozap Fly Killer 548 300

A Vet-lite Casting

Vet-lite rolls for casting. High strength, low weight splinting and casting material. For small animals such as dogs and cats. Sets within 3-4 minutes and load bearing after 15-20 minutes. Easily cut, either hot or cold. Unaffected by contact with water, urine and faecal matter.

Vet-lite consists of a composition of natural large mesh cotton barriers impregnated with thermoplastic, biodegradable non toxic resin. It is X-Ray translucent and unaffected by repeated heating and reshaping.

Reforming or reshaping may easily be achieved by using a heat gun or by softening again in hot water. Vet-lite does not stick to fingers and no need to wear gloves. Biodegradable and non toxic.

Vet-lite has a weight to strength ratio far greater than plaster cast bandages, giving increased mobility and comfort to the patient.

Vet-Lite rolls for casting. 6' (1.8m) rolls
2" (51mm) (20 rolls per box) **185 012**
3" (76mm) (20 rolls per box) **185 024**
4" (102mm) (10 rolls per box) **185 036**
6" (152mm) (10 rolls per box) **185 048**

B Haemo Sol

Safe and effective cleanser for all types of glassware, metals, plastics and rubber. Economic, using a dilution of 0.5% - 1% 625 litres of solution can be realised from each 2.5kg tub. Haemo-sol cleansing, followed by distilled water rinsing, eradicates interfering residue.

2.5kg tub **372 031**

C Anaesthesia Masks

Re-useable face mask for dogs, cats and other small animals, suitable for anaesthesia, ventilation and aerosol therapy, with neoprene diaphragm. Minimal air leakage during ventilation. The specially designed cone assures low air resistance, and softness and flexibility ensures minimal skin damage.

Anaesthesia Mask Small **437 500**
Anaesthesia Mask Large **437 505**

A Electric Heat Pad

Ideal for post-operative care - during anaesthesia the body temperature falls - and maintaining body temperature can help reduce stress to the animal and often results in a faster recovery rate.

Ideal for cats and dogs - economical pad can be safely left continuously on at minimal cost. Plastic cover and easy to clean. 43cm x 38cm. (240v 12 watt)

Heat Pad with UK plug 177 015

Heat Pad with Euro plug 177 015E

B Swann-Morton Scalpel

Manufactured in Sheffield from stainless steel for a consistent quality edge. It is the consistent quality of the cutting edge that sets Swann-Morton surgical blades apart from any other in the world. Blades wrapped individually.

1 Surgical Handle No 4

For Blades: 20, 21, 22, 22a, 23, 24, 25, 26, and 27 429 806

For Blades: 20, 21, 22, 22a, 23, 24, 25, 26, and 27 429 909

3 Non Sterile Blades

Packets of 5.

Size 21 429 60021

Size 22 429 60022

C Thermometers

1 Hobdays, °F

with vet markings. 520 020

2 Hobdays, °C

with vet markings. 520 214

D Vetwrap Bandage

The original and best bandage that sticks to itself and nothing else. No additional fasteners necessary. Ideal for use when poulticing and to keep dressings in place.

Conforms snugly around contours that are most difficult to bandage. Absorbs energy shocks from strenuous activity. Ideal for horses.

Accommodates movement without loosening. Won't stick to hair and allows skin to breathe through its cool, lightweight, porous material. Easy removal - cuts away with scissors without unwrapping. Note: This product contains natural rubber latex which may cause allergic reactions in humans. Rolls 10cm x 4.5m
